## 2019 ROSÉ HAWKE'S BAY

1934 is when our story began, with Marino Selak selling the first Selaks wine in New Zealand. We continue to honour his winemaking traditions, crafting distinct wines, for the modern palate from our home in Hawke's Bay. Winemaking the Selaks way since 1934.

### Craft

With minimal skin contact, around 30% of the juice was drained off at the crusher, prior to the fruit being transferred to the presses. A free run and pressings portion were taken from the presses with only the "free run" portions being used. A carefully managed cool fermentation process was used with this young wine being racked off yeast lees immediately after fermentation.

### Aroma

Lifted and bright aromas of watermelon with berry fruit and floral notes.

### Taste

An elegant, finely flavoured palate with crisp natural acidity, fresh berry flavours and a dry finish.
